

# LETTERS TO MUSTANG TIMES

Dear Teresa,

I would like to suggest anyone with an early six Mustang to join the Early Six Mustang Registry. I have one and joined. Thanks to Rick Mitchell I have learned things about my six cylinder convertible that I would have never known had I not joined the registry. Thanks for the ad in the *Mustang Times*.

Billy Hunter  
Alpharetta, GA

*Always glad to learn that our advertisers get results from their ads in the Mustang Times. Rick Mitchell (who is also a contributing editor for MT) does a fine job heading the registry. He has a great deal of information on the early six cylinder Mustangs. — Editor*

Dear Editor,

I am the owner of a 1965 K GT hardtop. The car was fully restored in 1985. I've been showing the car at area MCA shows as well as at other local events and have been very successful. But I am having one problem and that is locating a HCC-AW steering gear code tag for my steering gear box. My original tag was lost somewhere during the cars 22 years of service to our family.

My search has taken me into the junkyards. I've found plenty of HCC-AT and HCC-AX tags. I've also run up a fairly large phone bill calling dealers about the part. Today I spoke with a gentleman from Auto Krafters, Inc. in Omaha, Nebraska. He said that they once stocked the part and he couldn't remember the manufacturer's name. He said he believed that the company was located in Ohio or a nearby state.

It was his suggestion that I write you because he said he'd seen the part advertised in *Mustang Times*. Any help you could give me will be appreciated. The judges have really frowned on my tagless steering gear box!

Sincerely,  
Boyce H. Gault, III

*Unfortunately I have been unable to locate any information on the tag. Perhaps one of our observant readers can shed some light on the subject. — Editor*

Dear Mrs. Vickery,

I have enclosed a photo of a piece of Mustang memorabilia that was found when we were emptying my father-in-law's house after his death. I have never seen anything like it at shows or swap meets or in any of the magazines in the eight years I have been involved with Mustangs.

My father-in-law, A. J. "Tony" Mazur of Momence sold Fords for years and to my knowledge never drove anything else. He was 70+ years old when he passed away and at that time he was the proud owner of a 1966 Mustang convertible featured in the November 1982 issue of *Mustang Times*. He drove the car on a regular basis, weather permitting.

The sales promotion article is a simple clicker which he evidently brought home while selling Mustangs in 1967 at Reising Ford in Momence. We found four of them in like-new condition.

I thought you and hopefully your readers would be interested in them. I have been asked several times before; no, they are not for sale. I enjoy your magazine a great deal.

Sincerely,  
Paul Wasser  
Catlin, IL

## ECI / CUSTOM MOLDED REAR PANEL PROTECTOR

- Protects rear panel and bumper from scratches and knicks
- Instant installation or removal for shows without tools
- Custom molded/economical
- Improves rear panel and gas cap appearance
- Fits non-pop open Mustang gas caps from 1966 — 1969
