

## '66 GT Coupe A Real Prize

George Lane of Liecester, NC took first place in the 1988 MCA Grand National in Greenville, SC in the Street Driven Class with his 1966 GT Coupe.

The totally restored Pony was purchased in April, 1985.

"I was looking for a clean GT for a couple of years before I found what I wanted. The 1966 Coupe was in excellent condition with only 55,000 miles on it and an almost rust-free body. The interior was in excellent condition.

"It took me 18 months and a lot of hard work and long hours, but I completely restored the car."

The Olive Green '66 has all GT equipment, T-10 four speed, styled steel wheels and vinyl luxury pony interior.

All external engine parts and accessories are new, George says.

"It has a new clutch and pressure plate, new exhaust system, new universal joints, totally rebuilt transmission and all new chrome on the outside of the car.

"During restoration I used all new nuts, bolts and washers, and a new radio antenna and glove box were installed."

As the car was being put back together, all parts, no matter how small, were inspected for wear and tear and those needing replacement were swapped for new, authentic Ford parts whenever possible.

Lane uses his 1966 GT for weekend driving and show. His MCA membership number is 19503.
