WORLD CLASS BRAKING

Nearly Doubles Braking Power, Efficiency, and Control

USED BY: • High Performance Vehicles • New and Used Vehicles • Law Enforcement
 • Medical Service • Limousines • Utilities - Fire • RVs - Fleets • People Who Care

BRAKE GUARD IS:

- It is a Safety System with "Anti-Lock" benefits for vehicles with hydraulic brakes.
- It operates automatically, every time the brakes are applied.
- It works to inhibit wheel lock-up, skidding and loss of control when braking.
- It stops vehicles straighter and shorter with better steering control.

HOW BRAKE-GUARD WORKS:

Heat and other dimensional factors cause brake drums and discs to become slightly egg-shaped or warped. So, when the brakes are applied, the contact surfaces are correspondingly uneven. This in turn causes an unequal transmission of braking effort from the wheels to the roadway resulting in premature wheel lock-up, early brake fade, uneven wear, skidding and loss of control of vehicle.

Like a computer, Brake-Guard's patented system automatically responds to the unequal braking surfaces at each wheel, constantly metering and compensating every time the brakes are applied. The result is an even, constant pressure and uniform coefficient of friction at each wheel through the cycle of rotation, resulting in a smoother, shorter and controlled stopping of the vehicle.

Classified Advertising

Classified advertising is free to all members of The Mustang Club of America.

To take advantage of this valuable service, submit your classified ad to **The Mustang Times**, P.O. Box 447, Lithonia, GA 30058-0447. Please include your **membership number** on your advertising copy to insure its inclusion in our next issue.

Advertisements are limited to 50 words per month per member. **The Mustang Times** will not be responsible for the correction of illegible advertising copy. Please **type or print plainly** to help us avoid errors. Non-member commercial advertising is not permitted in the classified advertising section.

All correspondence relating to classified advertising must be handled by mail. We are not able to return long distance telephone calls relating to classified advertising nor are we permitted to accept classified advertising by telephone.

Advertisements to be repeated must be resubmitted each month. The deadline for classified advertising is the first of the month for the next month's edition (November 1 for the December issue, December 1 for the January issue).

Classified advertisements received after the first of the month will be held for inclusion in a later edition.

Display Advertising

Display advertising is available to vendors, restorers, businesses and other organizations interested in marketing their products and services to the Mustang Club of America's worldwide membership.

One-time insertion rates and contract advertising rates are available.

Display advertising deadlines are the first of the month for the next month's issue (November 1 for the December issue, December 1 for the January issue).

All advertising **must be accompanied by full payment**. Advertising submitted without full payment will be returned unpublished.

For advertising rate information contact Steve McMullan, 2595 Parkside Way, Snellville, GA 30078, (404) 979-4924 (between 9 a.m. and 7 p.m. EDT Monday through Friday).
