

Restore This Mustang A Piece At The Time!

CalAutoArt, a Southern California firm specializing in automotive and photographic products, has announced the availability of a unique jigsaw puzzle of a rare 1965 Mustang GT convertible in full color, set in a lovely Southern California beach scene.

The framable puzzle assembles to a large 18-by-24 inch size and contains more than 600 pieces. Each puzzle comes with its own seal of authenticity, stating that it is the first of the limited series called "convertibles." Included with the puzzle is a framable "History of the Mustang" printed on special parchment.

Bob Downs, general manager of the company, says the puzzle will have universal appeal among car and puzzle fans alike.

"Although the puzzle is principally aimed at auto aficionados, it will also involve the entire family in the world of automobiles. Also, the design and intricacy of the puzzle will provide a challenge to sophisticated puzzle-solvers everywhere."

The first puzzle from a planned series of popular collectible convertibles features the Mustang.

The made-in-the-USA puzzle is priced at \$19.95 and is available from selected dealers nationwide or directly from CalAutoArt. For ordering or other information contact Bob Downs or Mark Johnson, CalAutoArt, 1520 South Lyon Street, Santa Ana, CA 92705, or phone (714) 835-9513.
