

## Zimmerman Attends AACA Meet For Judging Update

Dave Zimmerman, the Mustang Club of America's representative to the Antique Automobile Club of America, attended the AACA National meet in Hagerstown, MD June 15-16 to obtain information for MCA members interested in judging future AACA meets.

Zimmerman says the first requirement is that prospective judges "must be an AACA member.

"The second is that you must register in advance by requesting the appropriate forms from AACA in Hershey. The AACA will inform you when and where the judging school will be held. Attendance is mandatory at judging school and at the judges' breakfast."

Zimmerman says MCA judges who complete the judging school will then be assigned to an apprentice judging team, which is led by an experienced AACA judge.

"No matter how much experience you have, you must follow this procedure," Zimmerman says. "The AACA has a set of rules that they expect all MCA members to adhere to."

The AACA uses a team of five judges,

one person being designated team captain.

"When you judge a national event or attend a judging school you receive a judging credit. After five credits you can become a team captain," Zimmerman explains.

The AACA has treated my wife and me very well, and the organization is making every effort to make the transition as smooth

as possible. They seem very interested in obtaining MCA's input on the judging of pony cars."

Zimmerman was appointed MCA representative to the AACA by National Head Judge Bob Perkins earlier this year. Mustangs just became eligible for participation in AACA events last January.

## YOUR ONLY SOURCE FOR CUSTOM AND PREBENT STAINLESS STEEL LINES

**CLASSIC & PERFORMANCE**  
Specialties, Inc.

*Specialists in Stainless Steel fuel, brake and transmission lines. Our lines are manufactured on a computerized precision state-of-the-art CNC tube bender. Now you can buy the best, direct from the manufacturer ...Classic and Performance Specialties, Inc.*
