### Hooker Offers New Header For 79-90 Mustangs

Hooker's Super Competition header (Part No. 6221) is for 1979-90 5.0L Mustangs with SVO/Motorsport aluminum heads. This is a 1 3/4" diameter primary tube tuned header to provide the improved breathing capacity that these heads require, Hooker says. Designed to tuck up tight to the underbody for the best possible ground clearance essential for lower cars, the Super Competition header is available at many performance retailers. For additional information contact Hooker Headers, 1024 W. Brooks Street, Ontario, CA 91762 or call (714) 983-5871.
