

# zymöl

®

**Were you aware** that Zymöl's "H-D (High Density) Cleanse" may be used to clean convertible windows and plexiglass? "H-D Cleanse" will polish and remove light scratches from these delicate surfaces and provide your automobile's paint with a smooth glossy finish you never thought possible.

Containing absolutely no abrasives or chemical solvents, "H-D Cleanse" is the finest pre-wax cleaner in the world.

**Were you aware** that Zymöl's unique luxurious waxes may be multi-layered with absolutely no distortion of clarity while imparting an extremely hard, slippery gloss you never thought possible?

Containing 5 to 8 times the volume of Carnauba found in other waxes, Zymöl's Estate Show Waxes are the finest in the world.

Order one of our "kits" before the show and we will instruct you on Zymöl concours preparation with a final inspection in Kingsport, Tennessee.

**Were you aware** that Zymöl's vinyl/rubber conditioner will never leave the oily film so often seen on the dashes, seats and tires of today's Concours automobiles?

Containing only natural penetration oils, that impart a healthy natural sheen, Zymöl's interior treatments are the finest in the world.

**Were you aware** that Corco West will be demonstrating these remarkable products at the MCA Grand National?

We, once again, invite you to bring your Mustang to our tent area for a hands on transformation that will astound you. Join the Zymöl winners in Kingsport and learn an exciting new approach to achieving that "definite edge".
