

## Alamo Introduces Collision Damage Waiver Alternatives For Car Renters

Alamo Rent-A-Car has recently created three money-saving options for consumers who choose to purchase loss, damage and theft protection, commonly called collision damage waiver, when renting a car.

Collision Damage Waiver, or CDW, is an optional product available to renters who wish to waive their responsibility for loss, damage and theft of the rental vehicle, subject to the terms and conditions of the rental agreement.

CDW is generally purchased by those consumers who carry no personal auto insurance coverage, those whose personal credit cards do not provide collision damage protection, and those who prefer not to file claims for damage or theft with their own insurance carrier.

Alamo Rent-A-Car now offers an alternative for membership program participants who wish to purchase CDW. When renting a car through Alamo's Membership Program, your financial responsibility is automatically limited to \$3,000 for loss, damage and theft to the rental car. Alamo's Waiver Saver 3000 will waive the remaining financial responsibility for \$6 per day. Waiver Saver 3000 allows members to protect themselves for the \$3,000 financial responsibility without having to purchase higher-priced "full value" CDW that protects them up to the full value of the car. Mustang Club of America members must use ID Number "BY 93058" at the time of reservation to be eligible for the \$3,000 limited financial responsibility.

In addition to the Waiver Saver 3000, Alamo has also created two other CDW products that are tailored to the needs of the renter, rather than the traditional all-or-nothing approach that was common place in the industry for so many years.

Alamo's Maxi Waiver Saver caps the price of CDW at \$9 per day, for all types of cars. It provides full collision damage waiver protection if the car is vandalized, stolen or damaged in any way.

Alamo's Mini Waiver Saver, the Waiver Saver 500, covers damage up to \$500 for only \$3 per day. This product is designed to complement personal auto insurance policies by paying up to \$500 for damage to the rental car, thereby eliminating any out-of-pocket expenses for the renter.

Alamo's Waiver Savers are offered at all Alamo locations nationwide, except those in Illinois, New York, Indiana and Texas due to constraints imposed by state law.

For reservations, call your professional travel agent or telephone Alamo direct at 1-800-327-9633. Be sure to request Rate Code "BY" and use your MCA ID code of 93058.

## Mississippi Coast Club Re-Elects Its President

Jack Wilbanks has been re-elected president of the Mississippi Coast Mustang Club.

Elected vice presidents for 1992 were Richard Marks and Dan Taylor. Wayne Fortier will serve as secretary and Keith Dem as MCA National Director.

## The Mustang Times Welcomes Your News

The Mustang Times, the official monthly publication of the Mustang Club of America, welcomes news from readers and regional groups across the country.

Use your club magazine to keep Mustang lovers across the nation informed of shows, events and activities in your area.

Consideration is given to all submissions. Submit copy (preferably typewritten and double-spaced) to: The Editor, The Mustang Times, P.O. Box 447, Lithonia, GA. 30058.

Materials submitted with a stamped, self-addressed envelope will be returned after use.
