

# Teamwork Paid Off In Judging MCA's Largest Event

What a way to get initiated as MCA National Head Judge!

The first MCA National of the year — and my first as head judge — was a record-setting event at a world-renowned location with the largest field of Mustangs in club history.

The Mustang Club of Indianapolis did an unbelievable job of staging this show and handling the 486 participating entries.

I especially want to thank Assistant National Head Judges Bruce Weiss and Randy Church for their help, as well as all the Gold Card, Certified and apprentice judges who chipped in to help with this massive project. Judging that many cars took a great deal of time and had it not been for the dedication of this group of people we would have never finished in time for the trophy presentations. (As it was, we finished a scant half-hour before the awards ceremony).

The entire Indy club worked like a well-trained team and I want to give my personal thanks to Show Chairman Bob Coulston and Club President David Stribling for their efforts.

The Indianapolis Show proved that Mustanging is more than car shows. The event was a family affair, with fellowship, good conversation, and a lot of good-natured fun. That's what MCA is all about!

The quality of the cars at Indy was outstanding, and I found out what "Hoosier Hospitality" really is.

I was also impressed and please by the number of national Mustang magazines which showed up to cover the event and I look forward to the coverage of the Indianapolis show in their coming issues.

This was my first MCA National as Head Judge, but I made an effort to walk by and look at every car entered in the show. I don't think I missed many. It really was a classy field of Mustangs.

I thought it was also interesting that the Indianapolis show produced the largest field of late model Mustangs of any event in MCA history. Our late model owners are proving that they are as interested and involved as the owners of the early models, and we're pleased they are taking such an active part in MCA.

Congratulations, Indianapolis, on a record-breaking and professionally organized 1992 National.

A word of thanks to Jack Bosis of the Vintage Mustang Club of Kansas City for the cap and tee-shirt he sent me.

**Ricky Simmons**  
MCA Head Judge

Kansas City played host to an outstanding MCA National a couple of years ago, and I hope Jack and his group are already thinking about hosting another MCA event in the future.

The VMC is an active, enthusiastic MCA group and we appreciate their participation in MCA.

**MT□MT□MT**

I enjoyed the cap and tee-shirt more than I enjoyed the surprise from former MCA National Head Judge Bob Perkins at the Indianapolis Show.

Bob was the instigator of an unexpected swim that I took in the motel pool. Assistant National Head Judge Bruce Weiss also got a dunking, but he deserved one. His involuntary swim in the pool was to commemorate his recent 40th birthday.

Those interested in receiving their judging sheets from the Indianapolis MCA Show, from the Grand National in Atlanta this month, and from the two remaining shows in Oak Ridge, TN and Lynchburg, VA must send their request directly to me in Demorest, GA within 60 days of the close of the show.

And remember, the only means we have of identifying your particular judging sheet is for you to include your correct car and class number on your request.

These judging sheets are an excellent method of continuing to improve your Mustang, but there are no names on the sheets, so we can't locate yours without your car and class number.

And the sheets have a way of filling my garage up quickly, so please mail your request within 60 days of the show if you want your sheet returned.

**MT□MT□MT**

Now it's Grand National time!

Atlanta will host the 17th annual Mustang Club of America Grand National in Marietta, GA over Labor Day Weekend and I look

forward to another great show.

The host clubs — the Georgia Regional Mustang Club, Northeast Georgia Mustang Club and Cherokee Regional Mustang Club — have been hard at work planning this event for months and I'm sure you will have a great time at this show.

I hope to see you there!

## Early- And Late-Model Pony Christmas Cards Available For Holidays

Mustang Classic Collections has announced the availability of two sets of Mustang Christmas cards for the upcoming holiday season.

The company, which offered an early-model card depicting Santa Claus in a red Mustang last Christmas, has added St. Nick in a red late-model Mustang for 1992. Both Pony cars are convertibles.

The inside inscription on the early-model Christmas card reads, "Best Wishes for a Classic Holiday Season." The inside inscription on the late-model Mustang card reads, "Oh What Fun it Is to Ride! Happy Holidays!"

A set of 20 Christmas cards and envelopes is \$18.00 postpaid.

The cards can be ordered from Mustang Classic Collections, 7138 Maddox Road, Lithonia, GA 30058. The company asks that you include a street address and telephone number with your order.
