

## Coming Next Month...

We're going to ring in the Mustang's 30th Year with some rather unconservative Mustang magazine logic. We're going to profile the least thought of generation of Mustangs, the 1974-78 Mustang II. We're going to take an in-depth look at these cars, the mood they reflected, and what they mean to Mustang history. What we unearth may surprise you.

We'll continue our look into Ford's 100-city blitz with the 1994 Mustang and how MCA regional groups were involved. Where's your input from the blitz of '93?

We're going to show you how to find a reliable and talented restoration facility, along with a few pointers on what to expect. We'll also give you solid advice from those most experienced on when *not* to begin a restoration.

All this and more in your January 1994 *Mustang Times!* See you next month.
