

30th Mustang Anniversary Bash Taking Shape!

Jim Osborn, Show Chairman

The 30th Mustang Anniversary Celebration continues to grow with a lot going on behind the scenes. First, we would like to announce that there will be tour busses from the Charlotte Motor Speedway going to **Dennis Carpenter Reproductions** nearby, home of a lot of reproduction parts for Fords, Falcons and Fairlanes. This is their manufacturing facility where you'll get to see reproduction parts being made. And this will give you valuable insight into manufacturing and the way parts are made.

Busses will depart the Speedway every 15 minutes, offering quick turnaround for the brief tours. Each fascinating tour is one hour long and very informative.

Where's Your Entry?

Those planning to show a Mustang at the 30th Mustang Anniversary Celebration are encouraged to get their entry in right away. Spots at the concours judged, 300 car event are going fast. If you wait any longer, you could miss out in a big way. We ask that if you're going to attend, please send in your entry form.

A Weekend With Ford

Ford Motor Company is going all out for the MCA and Mustang enthusiasts of all ages with exciting Motorsports exhibits. You can be certain the 1994 Mustang will be on display. And remember, the 1994 Mustang is *Motor Trend's Car Of The Year*, not to mention the car to pace the Indy 500 for 1994. Ford will be

out there in 1994 like never before. And Charlotte will be at the forefront of all this excitement.

Truthfully, we're amazed at the number of enthusiasts headed for Charlotte in April.

Dinner Is Sold Out

Just a reminder, but the *Evening With Ford* is sold out. We're getting a lot of inquiries for tickets to this memorable evening. Unfortunately, tickets are no longer available. Dinner confirmations are on the way to those who responded early.

Have You Made Hotel Reservations Yet?

If not, here is a list of hotels that still have rooms available at press time.
