

Photographs & Memories...

A GT For Two, Just In Time For Ten!

The 1984 20th Anniversary Edition Mustang GT celebrates its 10th Anniversary this year. And Dan Adams (MCA#25571) and his son, Jacob, are ready to celebrate. Dan and Jacob call Greater Saint Louis, Missouri home, enjoying their anniversary rocket ship as often as possible. Hang in there, Jacob, you'll be outgrowing that little Mustang pedal car in no time, then it's, "Dad, can I borrow the keys to the...Mustang GT?"

Thou Hath No Greater Gift - Behold!

Dr. Louis Copeland and his wife, Joan (MCA#29053) discovered Mustanging last Mother's Day when their son, Curtis (MCA#29054) bought them this striking red 1965 Mustang convertible. There's a 289 under the bonnet and plenty of fun amidst the white vinyl interior. These folks live in Ohio and are a Mustang family new to both the MCA and the Mustang hobby. Welcome.

A Wild, Wild '68 GT For The Wild, Wild West...

High in the Rockies flies a Mustang GT of '68 ready for just about anything that comes along. This one sports a 428 Cobra Jet, originally equipped with a 390. Steve Walsh (MCA#30248) cherishes this Gulfstream Aqua fastback, making his home in beautiful Jackson, Wyoming. The dry West has been good to this GT which migrated South from Canada.
