

From The Top...

by Jim Osborn,
MCA President

Thanks to the Mustang Club of America Board of Directors' members for their vote of confidence upon my election as president of the MCA for the next two years.

We have some very exciting times ahead of us with a very busy show season in 1995: Rocky Mount, NC, May 27-28; Cherokee, NC, June 23-25; Houston, TX, June 30-July 2; King of Prussia, PA, September 1-3; Oak Ridge, TN, October 13-15. I plan to attend all of these shows and have an opportunity to visit with each of you.

Another project we are working on is the 20th Anniversary of the Mustang Club of America show in 1996. Mike Gunnin is serving as the show chairman and will be giving us information as quickly as it becomes available.

Let us all express our gratitude to our outgoing officers for the past three years. Bill Dillard, our president, has been most instrumental to our rapid growth and new relationship with Ford Motor Company. Jim Watson, vice president and show coordinator, has served these two positions while living in another state for a period of time, and really kept the ball rolling. Jim has also made important strides toward assisting regional groups with their national shows.

Kitty Wilmot, secretary, did a great job in keeping us all straight and setting up some programs to assist all officers with their record keeping requirements. Kitty also served as the secretary to the 30th Mustang Anniversary Celebration Committee.

And last, but not least, thanks to Bill Koivu who has served as treasurer for the last fifteen years and who was responsible for building

our financial structure.

Remember, these officers and board members do not receive any compensation for their time and effort. Most spend their vacation time fulfilling their commitment to the MCA and their love of the Mustang hobby.

So, the next time you should happen to see any of these members at the shows, take a moment and tell them: "Thank You".
