LEAVE NOTHING TO CHANCE,

WE DON'T and neither should you. We take great pains to make sure every carburetor we send to a client is calibrated to overcome inherent problems, such as hard hot starting, hesitation and flat spots under acceleration. Then, each one is **run tested on an engine** to insure correct operation. That goes for standard (non-plated) or concours (plated) applications. All this care and work comes with a **1 year warranty** to show that your satisfaction is our top priority.

After all your hard work, why leave your carburetor to chance? Let us restore yours, or you can purchase the correct carburetor for your application from us. We have a huge inventory of one, two and four barrel Ford and Holley carburetors to choose from. Either way you go you've got a winner.

Mustang Hay

Have you ever heard of Mustang Hay?
That grew in such a logical way,
Fueling a frenzy thirty years, you say;
For folks that grew that Mustang Hay.

Nineteen hundred and sixty five
A few heartbeats were still alive.
It was the year at Detroit town,
When Ponies were running heartbeats down.

In building those Ponies, I tell you what -
Thousands galloped the line, a beautiful spot,
In coupe and fastback and convertible thrill
Out running heartbeats from hill to hill.

Heartbeats were skipping, losing some chips,
As hoofs flew between their lips.
Mustang Ponies grew stronger
with tougher hide.
Mustang hay grew and grew
and never died.

Ponies galloped forward,
heartbeats turned away.
Ponies running stronger,

heartbeats growing gray.
Nineteen hundred and ninety five
came and found
Ford's masterpiece strong and sound.

Heartbeats are beating slower,
some - just a trot,
Headed for junkyards, their bodies shot.
Ponies watched their stock
move at express.
We all know the best never rest.

Six million plus - We have value here,
Galloping beyond its' thirtieth year.
Other wheels have aged,
Ponies keep their youth.
Ask millions who own 'em,
that's the truth!

Year after year, we wait for the thrill,
Riding new Ponies from hill to hill.
It all started with Mustang Hay.
Logic is logic. That's all I say.
