

QUESTION of the MONTH

WHAT YEAR MUSTANG HAD THE LEAST PRODUCTION FOR THE CONVERTIBLE BODY?

The first two members who correctly answer our question of the month will receive a Mustang Club of America T-Shirt. These answers are to be submitted on a postcard (Noting on this card also your shirt size) and mailed to the National Headquarters, P.O. Box 447, Lithonia, Georgia 30058

FEBRUARY QUESTION OF THE MONTH:

In the year 1965, how long (months) was the factor warranty on the 289-4V high performance engine?

CORRECT ANSWER: 3 months or 90 days.

FEBRUARY T-SHIRT WINNERS:

#801 Melvin Walls, Jr.
Bristol, Virginia

#795 Rob Etherington
Englewood, Colorado

LETTERS TO THE EDITOR

Dear Editor:

I am writing this letter in regards to all National Club members all over the U. S. and foreign countries.

Let's get more Regional Groups started and preserve the 1965 to 1973 Mustangs and Shelys before the crushers get them.

If anyone needs help in getting a Regional Group form, contact me or any member of the First Tennessee Regional Group...we will be glad to help in any way.

Please attend the Eastern National Meet in Kingsport, Tennessee May 26-28, 1978 and enjoy the fun of a great hobby. I am looking forward to meeting all of you at that time.

Max Epps
Route 6
Church Hill, TN. 37642

Dear Editor:

Although I have been a member of the Mustang Club of America for only a short period of time, I have already gotten my money's worth from the few issues of the "Mustang Times" I have received.

In answer to your inquiry in the "Car of the Month" article in February's issue--"Yes, I know of one car older than Mr. Cornely's...My Mustang, S/N SF08F 105620, was manufactured March 30, 1964. It is a prairie bronze with white top, 260 V-8, cruis-o-matic power steering, air conditioning, power top, console and has been completely re stored.

Also, I would be very interested in knowing if you have received responses from other members with an earlier manufacturing date. If so, please publish in next issue if possible.

EDITOR'S COMMENT:

We would also like to know if any one has a Mustang produced prior to April 1, 1964. We know of one other Mustang produced on March 30, 1964. Next month we will list the oldest Mustang that we know of. So if you've got an "Oldie", let us know now.

Jim Osborn, Editor
