

## For Immediate Release

### Spring Season

Maryland Mustang has just finished production on two new items. First is a spring for the 1964-68 accelerator linkage. This spring mounts between the intake manifold and the carburetor, and fits 260, 289, and 302 V8 motors.

The second is a replacement spring for the door latch for all 1967-68 Mustangs. This is a replacement for the spring in the latch that commonly breaks.

Maryland Mustang sells only to qualified dealers. Check with your local dealer or call (410) 987-5353 for the dealer nearest you.

### The Gold Wheel Master

The Gold Plating Specialist, long known for manufacturing the highest quality gold electroplating systems on the market, now can make your wheels worth their weight in gold with its state-of-the-art tank plating system, "The Gold Wheel Master."

Using this environmentally safe equipment, The Gold Plating Specialist combines the most effective electroplating technique with a specially formulated

peel off vinyl masking paint. This allows The Gold Plating Specialist to produce the most brilliant finish whether plating the entire wheel or using the gold as an accentuating element.

The Gold Plating Specialist employs a technique which utilizes highly advanced selective plating technology to molecularly bond the gold to all base metals producing a durable, high quality gold finish every time.

When asked about this superior gold plating technique, Jason McVey of The Gold Plating Specialist replies, "the quality of my jobs depend not only on our state-of-the-art equipment, but time tested gold plating experience and genuine concern for the final product."

With a variety of environmentally safe gold electroplating systems, The Gold Plating Specialist can serve its customers' needs by plating automotive and motorcycle accessories, coins, golf clubs, baby shoes, and jewelry among many other applications.

For more information on this gold electroplating service contact: The Gold Plating Specialist, Inc., 10670 Trenea St., Suite 104, San Diego, CA 92131 (800) 676-7771.

### GT/CS Registry

After a long wait, the 1996 edition of the GT/CS Registry is now available! 140 pages! Four years in the making! A labor of love, this is the supplemental edition to the 1989 "GT/CS Recognition Guide & Owner's Manual". Over 725 GT/CS cars are listed, by owner, VIN, data plate, wheels, options, performance, and owner's stories! Over 150 photos of owners' cars - 280 in all!

Chapters include: GT/CS news, information and updates; GT/CS concours rules and guidelines, with San Jose plant specs, specific CS parts, options, dealer, factory and Shelby (listing out popular '68 Shelby options), and a references section for concours parts

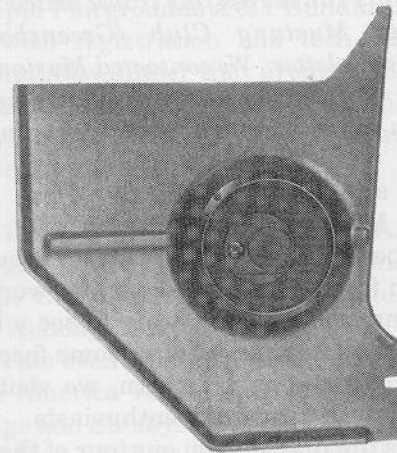

and information, rules, etc.; GT/CS parts and information; collectible books and magazines on the GT/CS; GT/CS graphic "to make your own GT/CS license plate"; over 280 photos, and 22 diagrams - most by Shelby Automotive.

Due to limited printing, this first edition will be printed on 8 1/2 x 11 white paper, spiral bound with a heavy stock cover. This book is now available to Mustang parts dealers for a limited time at a wholesale rate. Retail is \$16.95 plus \$2.00 ppd. The wholesale rate is \$8.50 each regardless of quantity.

For complete information contact GT/CS Registry, P.O. Box 2013, El Macero, CA 95618.

## Master Body Assembly Kits

AMK Products new Master Body Assembly Kits include all sheet metal attaching hardware necessary to properly reassemble a Mustang body. 1965-73 Mustang applications are currently available and we intend to add Falcon and Fairlane/Torino applica-

tions in 1997. Consider how many special body fasteners have been replaced by make-do generic fasteners or have rusted beyond use of the past 30 years!

Our 1968 Master Kit includes individual kits to attach: battery tray, bumper guard-front, bumper guard-rear, bumper guard mount brackets, bumper guard pads, cowl braces, door hinges, door latches, fenders, fender pillar brackets, fender extensions, fender splash shields, fender splash shield brackets, floorboard hole covers, grill, grill supports, headlamp doors, hood and hood hinges, hood bumper, hood latch and catch, hood latch support, quarter panel extensions, stone deflector, suspension bumper brackets-front, trunk latch and striker, trunk lid and hinges, valance front and valance rear. All kits include Ford Assembly Manual instructions!

This new product group represents a major financial investment by AMK and over two years of research and acquisition. Each kit contains exact original equipment fasteners for the specific application. Kits contain only fasteners manufactured in the United States for AMK Products and actual original fasteners that we found sleeping in warehouses!

All fasteners are of the correct grade and finish as specified by Ford. Original manufacturer markings and design details found on our fasteners will please the fussiest restorer as well as enthusiasts building street cars. Also we have found great interest from paint and body shops responsible for sheet metal assembly. Retail prices are \$199 for 1965/68 and \$179 for 1969/73.

For additional information contact AMK Products, 18600 E. 96th Street, Broken Arrow, OK 74012. (918) 455-1651 or fax (918) 455-7441.
