

## News Flash!!! Top Four Cities Announced

During their November 1997 meeting held in Las Vegas, Nevada, Mustang Museum, Inc., announced the top four cities under consideration for location of the museum. These cities are:

- \*Atlanta, Georgia
- \*Detroit/Dearborn, Michigan
- \*Indianapolis, Indiana
- \*Orlando, Florida

Stay tuned for continuing updates on the selection process.

## 35th Anniversary Celebration Update

As we indicated in last month's issue, the Mustang Club of America will host an event at Charlotte Motor Speedway in 1999 to celebrate the 35th anniversary of Mustang. We recently received an update from Jim Osborn who is serving as show chairman.

Mark your calendar for April 15-18, 1999. Location is Charlotte Motor Speedway in Concord, North Carolina.

Don Perry, a veteran from the 30th Anniversary event, along with Larry Kilgore will be serving as assistant show chairmen for this celebration.

A three-day open track event is being planned. More than likely this will precede the main show days to avoid confusion for those who wish to participate in both open track and the show. The exact dates are yet to be determined.

Once again there will be a Concours Division as well as a Judges Choice Division. Expect the classifications to be similar to those used at the 30th anniversary show.

Look for an impressive list of

major sponsors to be announced in January 1998. It seems that excitement for this event is already building.

The 1999 event is sure to hold several surprises, but we have been told that emphasis will be placed on the participants. Several activities are being planned with children in mind, so bring the entire family.

An event of this magnitude also draws a large number of regional groups. Plans are underway for club participation awards. Bring out those banners.

Save your money! That's right. A fantastic silent auction is planned for the 35th event and no doubt the item(s) offered will be unbelievable. Proceeds from the auction will benefit Mustang Museum, Inc., and a charity(s) yet to be named.

A word to the wise. Do not attempt to make hotel reservations yet. Details are still being ironed out with facilities within the area. The show organizers want to be sure you receive the very best rates possible which of course means a little negotiating must be done. As soon as hotel names, phone numbers, and rates are available to us we will pass the information along to you.

As more details become available concerning this extravaganza we will publish them on these pages.

## Oops!

We recently realized that we failed to identify the owners of the Mustangs featured in the Third Generation News column of the November 1997 issue.

The top-up convertible featured on page 14 is owned by Terry McCoy co-author of the column. The top-down 1985 convertible is owned by Jeff Jelderks of Tinley Park, Illinois.

Our sincere apologies for this oversight.

## New From MCA

As the Accessories Committee delves into uncharted territory, we are likely to see many new items added to the list of goodies bearing the MCA name.

A brand new item now being offered is the tag as shown below. It is aluminum, bears the Mustang running horse logo, and the club name. Background color is white with red, white, and blue lettering.

These tags are available via the National Club address or phone number. Priced at \$10.00 each (which includes shipping) these tags are sure to enhance the good looks of our favorite car.

A discounted price is available for regional groups wishing to purchase several of these plates.
