

By now I hope that many of you are finding more of what you have been asking for in *Mustang Times*: more information on our cover and feature cars, a more even split of early and late models, more technical articles and self-help information, and plenty of regional group coverage, news and photographs. I would like to encourage you to send us a photo of your pride and joy (black and white is preferable) along with the pertinent information to MCA headquarters so we may include it in our new Snapshots section.

Please keep those comments, letters, and suggestions coming. We love to hear from you! You can send your letters, comments, Mustang show announcements, and classifieds directly to MCA headquarters or now you can E-mail that information relating to

the magazine directly to me at mustangs@america.net. Please note that any requests not directly related to the magazine should be sent to the Club address or E-mailed to mustang@mustang.org.

Recently I have received an unusually high number of reports of magazines either not arriving at their destination or arriving in several pieces. We are working closely with our mailing company to resolve whatever the source of the non-delivery glitch may be. In the meantime, should you not receive your *Mustang Times* by the middle of the month, please report the problem to our office manager, Marilyn Newcombe, at the headquarters address or phone number. She will be glad to send you another copy right away. I know the middle of the month seems like a long time to wait, but we mail second class US mail.

Sometimes I think that means whenever they feel like sending it to you.

As for the condition of the publication when it arrives, I assure you that all issues are delivered to the outgoing post office in one piece, hot off the press. Obviously, we can not control what happens in transit. If you receive your magazine in more than one piece, please notify your mail carrier of this problem. You pay good money to have your *Mustang Times* delivered to you in the same condition as when it left the Atlanta area.

As publisher of *Mustang Times*, I rely on your feedback for the direction of the magazine. Please continue to help us make this publication evolve into one that best meets all of your Mustanging needs.

"We Have Mustangs"

Introduced in April 1964, the Ford Mustang was a phenomenal success. Six hundred eighty-one thousand cars were sold in the first year. Dealers could not keep them in stock. When allotments were delivered dealers bragged with banners or painted on their windows, "*We Have Mustangs*" like this scene for 1965.

This newest print by award winning artist David Snyder recalls the excitement of the introductory year of the Ford Mustang. "*We Have Mustangs*" is produced in a limited edition of 500 plus 50 artist proofs. Each print is inspected, signed, and numbered by the artist. The image measures 17 1/2" x 26" on 22" x 28" acid free stock.

This print would make a great addition to any den or rec-room and would make a valued gift. David Snyder is known for his historic accuracy and fidelity of detail and this print is no exception.
