

Is your pony "2FAST4U2C"? Then send us a photo of the personalized plate that tells the world your Mustang is special.

(Black and white prints are preferred for better reproduction on these pages. Please, no Polaroid photos.)

Highlight the tag and a small portion of the rear of the car so we get a hint as to which model the tag calls home.

Be sure to include a self-addressed, stamped envelope so we may return your photos after publication.
