## Custom Door Panels for Mustangs in an Hour

Custom Pretrimmed Designer Door Panels are now available in two designs for both the 1964 1/2 - 66 and the 1967-68 Mustangs.

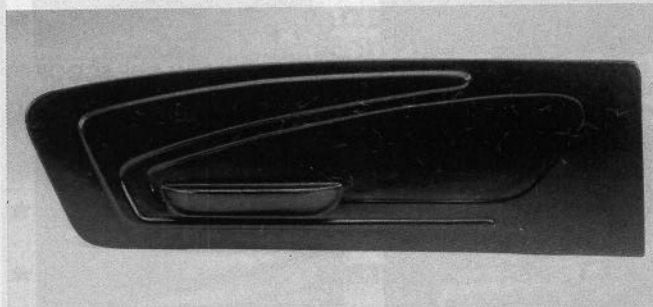

Designed by famous automotive designer/upholster Sid Chavers, these panels update the interior and bring a real '90s look to the early Mustangs.

Made of ABS plastic, these panels are waterproof and have built-in armrests. They come pretrimmed to size and are fabric ready.

The panels are easily attached with Dualloc Tape,

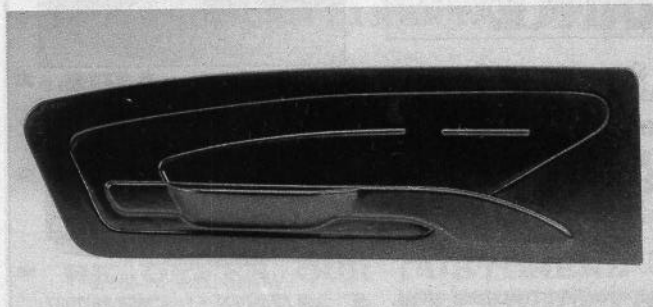

making screws and clips obsolete. Panels can be easily customized with contrasting fabrics or carpet by simply scoring the panels, breaking them apart, covering them separately, and gluing them back together with pipe cement and tabs included with the kit.

## Stealthbox Subwoofers

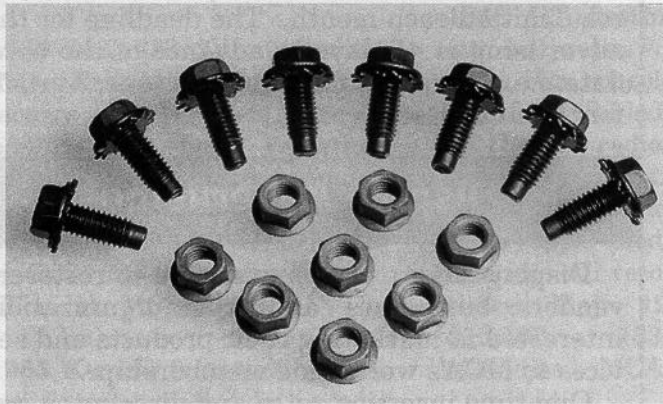

JL Audio builds Stealthbox Subwoofers to fit Ford Mustangs from 1979 model years and up with no loss of cargo space. And because these subwoofers are custom designed only for specific Mustangs, they're tuned to match the acoustics of each interior, delivering unbelievably powerful bass, even with the top down on a convertible.

This photo shows how our Stealthbox Subwoofer for 1994-up Mustang coupes installs easily, and invisibly, in the right rear corner of the trunk.

## New From AMK Products

### 1965-66 Cowl Brace Fasteners

AMK's new Cowl Brace Fasteners are made to the exact factory specifications and include original markings. Finish is the correct Zinc Phosphate (dark gray color). AMK Products has cowl brace fasteners available for all vintage Mustangs.

For additional information on either of these items or any of AMK's products, contact them at 18600 E. 96th Street, Broken Arrow, OK 74012, (918) 455-2651 or fax (918) 455-7441.

### 1967-73 Outside Mirror Fasteners

Have you ever wondered what the extra "cross hairs" mean on a 1967-73 Mustang mirror screw? It identifies these screws as being "pozi-drive". AMK's kit includes the original screws and riv-nuts.
