

**Keith Clabough** of Louisville, Ky., is the proud owner of this **black 1995 GT coupe**. In fact, Keith refers to the car as “my baby”.

Enhancements on this daily driver are consistently being made. Some include a Kenne Bell 6 lb. blower, Kenne Bell ram air kit, cowl induction hood from H-P Motorsports, B & M Ripper shifter, Azev Type II wheels shod with Goodyear tires, a Flowmaster cat-back system, and custom paint.

**Ken and Sandy Saxon** of Harrison, Ark., are the proud owners of this award winning **1967 coupe**. Bearing the license plate “WILDHRS”, this modified beauty has a **Midnight Canyon Red** exterior, Torque Thrust mag wheels, 289 V8 bored .060 over with Dynomax ceramic headers, Edlebrock intake, Holley 1850 carburetor, and a 2 1/2” ungalvanized dual exhaust system that sounds like a herd of wild horses on a stampede!

This **1996 Lazer Red GT convertible** (nicknamed Mimi’s GT) is one of three Mustangs corralled at the home of **Pat (Mimi) Jackson** of Harrison, Ark. Pat states, “One of my greatest joys is taking my granddaughter for a cruise with the top down, and of course she has the Mach 460/CD system turned up loud.” Other features of this white-topped GT are white leather interior, automatic transmission, Semo dual side exhaust system, gold package, and custom pinstriping.
