"Stop On Red Signal"

Introduced in April 1964, the Ford Mustang was a phenomenal success. Six hundred eighty-one thousand cars were sold in the first year. Dealers could not keep them in stock. When allotments were delivered dealers bragged with banners or painted on their windows, "We Have Mustangs".

The newest print by award winning artist David Snyder recalls the excitement and high performance of the Shelby Mustang. "Stop On Red Signal" is produced in a limited edition of 500 plus 50 artist proofs. Each print is inspected, signed, and numbered by the artist. The image measures 17 1/2" x 26 1/2" on 22" x 28" acid free stock.

This print would make a great addition to any den or rec-room and would make a valued gift. David Snyder is known for his historic accuracy and fidelity of detail and this print is no exception.

To order this colorful highly detailed print send a check or money order* for \$65.00 plus \$5.00
