Saleen/Allen RRR Speedlab Wins SCCA Manufacturers' Championship with First Place Finish at Road America

The Saleen/Allen "RRR" Speedlab achieved another first place victory in the Touring 1 class at Road America in Elkhart Lake, Wisconsin. The team locked in the SCCA Manufacturers' Championship title for the third consecutive time in 1996, 1997, and 1998, significantly beating out second-place Acura by nearly 30 points and third-ranked Porsche by 43 points.

Terry Borcheller drove to his third win this season and set a new track record during the qualifying round with a finishing time of 2:22.541 at 102.23 mph. Borcheller capitalized on the horsepower of his Saleen Mustang

and grabbed the lead on the third lap, finishing with a 4.441-second victory margin over the Dodge Viper.

Teammate Ron Johnson set the fastest race lap time at 2:24.073 with speeds reaching 101.48 mph. He overcame mechanical problems on the first lap, repaired quickly by the Saleen/Allen pit crew, and worked his way past 34 cars to a remarkable fourth place finish.

Borcheller remains in the lead for the SCCA Drivers' Championship title with 180 points, while Johnson maintains a close second earning 165 points.

Introducing the CruiseCam™

GRP, Inc., owned by Scott Watkins, former professional race car driver, is producing the CruiseCam™, which is now available for order. Invented by Watkins to solve the problem of in-car photography and videotaping, the CruiseCam™ accommodates any camera or camcorder in just about any vehicle. "After two years of testing, at speeds in excess of 130 mph, we've got a solid piece of equipment that allows for very sharp photography," states Watkins.

The unit mounts inside the car below the headrest, leaving your hands free for driving. It is portable, safe, installs in minutes and requires no special tools. It doesn't interfere with air bags, either.

States Rene Villeneuve, winner of the Kachi International Speedway Formula Ford 2000 in Japan, "The CruiseCam™ will be a good teaching tool, giving students and professionals the ability to tape their driving practice and race sessions. "Villeneuve currently teaches race car driving for

the BMW Car Club of America - West Coast Events, and has been a professional race car driver for 10 years.

For more information or to order CruiseCam™, call (770) 360-6330 or go to the Web site at www.cruiseecam.com.

Cobra Oil Cap

Performance Parts, Inc., is selling a cobra "Snake"-logo oil fill cap for all 1986-98 Mustangs! The cap has an attractive embossed aluminum Cobra-logo medallion attached to it and retains the stock oil fill cap's "ratchet" tightening system.

For more information, contact Performance Parts, Inc., 13120 Lazy Glen Court, Herndon, VA 20171-2326, (703) 742-6207, or E-mail ppi@mustangparts.com.
