

# Cruise the USA to the Biggest Ford Event Ever

**May 10 - 14 1998**

The editors and staff of Super Ford Magazine invite you to cruise along from 5 points around the USA to the BIGGEST and BADDEST ALL-FORD Event Ever: The MOBIL 1 WORLD FORD CHALLENGE, Bowling Green, Kentucky, May 15-17, 1998.

This cruise is a chance for all Ford enthusiasts from around the country to come together on a nationwide caravan to converge on Beech Bend Raceway on Thursday May 14th, 1998. The cruise will kickoff from various race tracks around the country and make convenient stops at Ford performance shops and pickup extra cruise participants along the way. (Cruise starting points and dates, basic routes of the 5 legs, and states that will be driven through are highlighted above.) This is your chance to become a part of history in the making in meeting up with thousands of your fellow Ford lovers to strut their stuff on America's highways. And best of all, once we get to Bowling Green, you have your chance to compete in one of the various Heads-Up races, Bracket races, Auto Show Spectacular or just take in the view of all the Awesome Fords assembled together. Whether you are just browsing through the swapmeet or visiting one of the manufacturers in the midway, this event offers something for everyone.

So, check the oil, fill up the tank, pack your bags (don't forget the wax and polishing rags) and tell the boss you're gonna need a little time off to show your Ford and Cruise with the editors and staff of Super Ford Magazine to the Biggest Ford Event ever: the Mobil 1 World Ford Challenge !!
