

SEMA Scholarship Raffle Raises Funds for Students' Learning

The SEMA Memorial Scholarship Fund is raffling two Ford vehicles during the SEMA Show • ITE '99; a 1999 Ford Expedition and a 1999 Ford Mustang. Both vehicles have been accessorized by SEMA member companies and will be raffled in an official ceremony to be held Thursday, November 4, at the SEMA Awards Banquet.

SEMA released the vehicles to its members for aftermarket enhancements. More than 40 SEMA-member companies participated in the project by donating product and/or labor to customize the vehicles.

All proceeds from the sale of the raffle tickets are contributed to the SEMA Memorial Scholarship Fund. The Fund has assisted dozens of young men and women achieve their dream of working in the specialty automotive aftermarket industry. Since 1984, more than \$265,500 in scholarships has been

awarded. The scholarship recipients for the 1999-2000 academic year include 22 students from across the nation.

Any student who is currently enrolled in an accredited college, university, or vocational/technical school, and who is pursuing a course of study which will lead to a career in the automotive aftermarket or related field, may apply for a SEMA Scholarship Fund grant.

SEMA is a trade group comprised of more than 3,500 member companies that make up the specialty automotive aftermarket industry. The seven diverse niches in which SEMA members specialize include light-truck, off-road, racing and performance, street rod, and restoration and restyling. When combined, these markets totaled \$21.2 billion in retail business during 1998.

7th Annual Eagle One "Golden Rule" Award

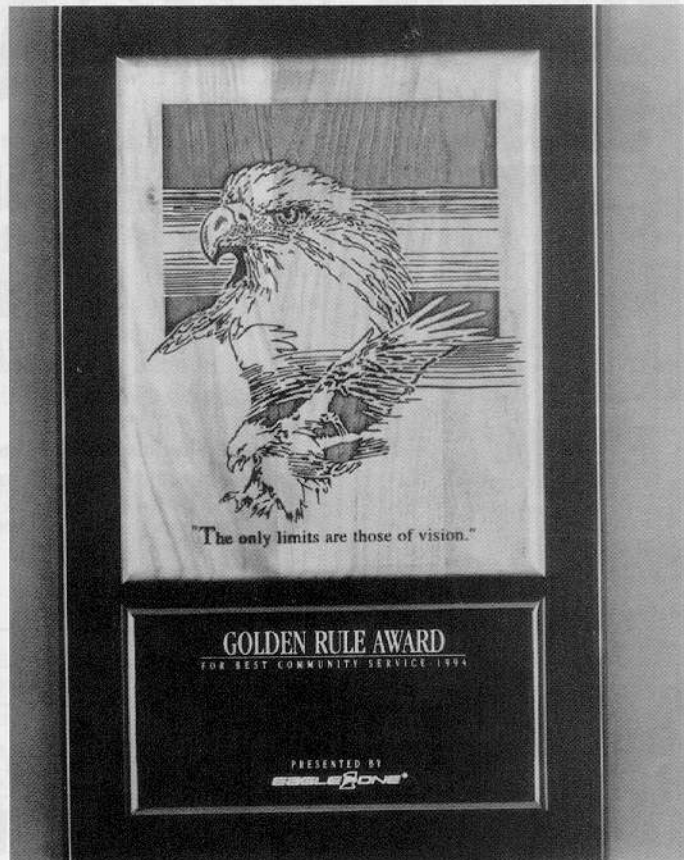

Eagle One, a leading marketer of premium automotive appearance care products, announces that entry forms are now available for its 7th annual "Golden Rule" Award.

The award will be presented to a car club in the west, midwest, east, and south for conducting the most outstanding community service program during 1999. A runner-up club in each region will also be selected.

Winners will receive a custom-designed engraved plaque and a large supply of Eagle One products for fund-raising purposes. The Valvoline Company, parent of Eagle One and cosponsor of the award, will add a generous supply of SynPower motor oils and automotive chemicals. Runner-up clubs will receive an award of merit and products.

To obtain an entry form, send an SASE to Eagle One Golden Rule Award, c/o Alex Litrov & Associates, 15720 Ventura Blvd., Suite 409, Encino, CA 91436, or fax your request to (818) 501-2690.

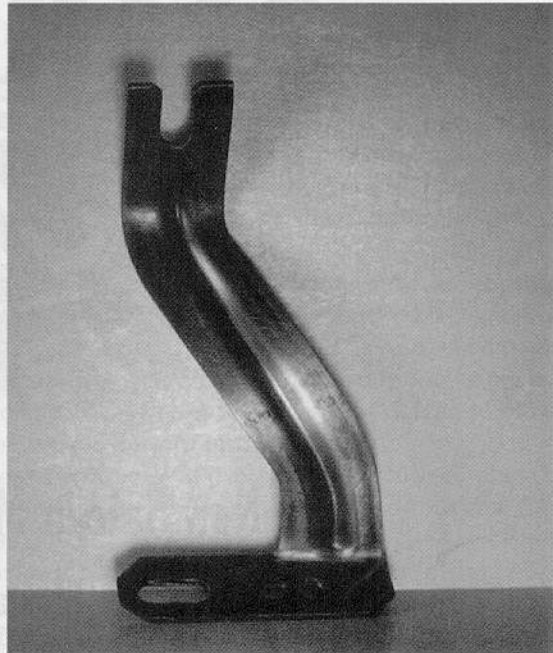

Deadline for entries is January 10, 2000.

For more information, please contact Semo Classic Mustang, Inc., at (573) 243-7664, or write to P.O. Box 78, Gordonville, MO 63752-0079.

The CarCapsule — the Future of Automobile Storage

Named by Motor Trend Magazine as one of the "top ten innovations in car care", the CarCapsule is the perfect way to keep a vehicle protected while in storage. The clear, inflated bubble allows you to enjoy and show your car while protecting it from damage. The clear material is 8 mil double polished 100% PVC and double sewn. The nylon zipper will not scratch your finish. Base material is 18 ounce Dupont Herculite. This laminated fabric is abrasion, tear, mildew, gas, oil, and anti-freeze resistant. It is also flame retardant - it does not support flame - and is easy to clean. The bag, once closed around your car, uses a 12v, AC high pressure fan to inflate the capsule with filtered air so the air inside is insect and virtually dust free! The filter is easily washed with mild soap and water.

The continuous air flow evaporative capsule keeps your car dry. It prevents mold, mildew, and musty interior odors from forming and the temperature remains consistent preventing condensation from forming. The air inside the Capsule changes three to four time per hour. The CarCapsule is eco-

nomical to run too. It costs approximately \$1.50 per month to operate continuously. The fan is rated for five years of continuous duty and the Capsule material is warranted for two years by the manufacturer against defects and craftsmanship.

16' minimum size (\$369.95), 18' preferred size (\$389.95) for Mustangs or similar-sized cars.

New Books For Your Library

Super Tuning & Modifying Holley Carburetors

Completely revised and updated, this edition contains additional pages and up-to-date numbers for Holley carburetors. This book shows the reader how to select, install, tune, and modify all popular Holley performance carburetors. It also provides a detailed view of basic carburetor functioning, modifying for performance applications, custom-tuning for street, racing, off-road, turbocharging, economy and other special uses.

Written by David Emanuel, the 144-page soft-bound book features over 300 black and white photos and is available for only \$18.95.

Do-It-Yourself Guide to Street Supercharging

Completely revised and updated, Street Supercharging, written by Pat Ganahl, is the

hottest book about today's hottest performance topic. For brute horsepower, nothing can equal a high-winding supercharged engine, and this quality book is the definitive reference covering modern supercharging science.

From basic design and selection, to hands-on installation tips, this easy-to-read 128-page book explores many types and brands of superchargers. Technical and practical advice from top experts is included in every chapter. Includes listing of blower and accessory manufacturers.

Featuring over 300 black and white photos, the softbound book is currently available for only \$18.95.

For additional information or to order either book, contact CarTech Auto Books & Manuals at 11605 Kost Dam Road, North Branch, MN 55056, or phone (800) 551-4754, (651) 583-3471, or fax (651) 583-2023.

New From Dugan Racing

Dugan Racing has custom inner fender covers (called aprons) by Ford. Clean up the engine compartment on your 1979-93 Mustang show car or race car. Easy installation — made of durable fiberglass.

They will make your engine compartment look super smooth. Install them before your next paint job or paint them separately and just drop 'em in. Designed to cover those unsightly holes found all over the factory steel aprons. Retail price is \$169.95.

Also available —

Dugan's Cobra Grill Kit for 1987-93 Mustang LX, GT, and Saleen models includes outer grill shell, factory-style retainer housing, and chrome pony grill emblem. Dugan's Grill features a factory style retainer housing for a very secure mounting system — a built-in anti-theft system most grill copiers don't offer.

Add great looks and additional cooling to your Mustang today. Retail price is \$144.95.

For additional information on these or other Dugan Racing products call (770) 932-5480.
