64-66 Mustang steel patch panels

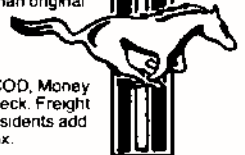

These panels have been developed from years of experience in restoring sports and special interest autos in our own shop.

We specialize in the re-creation of special sheet metal parts for special applications. We're developing a complete selection of underbody parts for early Mustang as well as other cars such as BMW 2002, Porsche, and others. We will be introducing many new Mustang body parts in the near future.

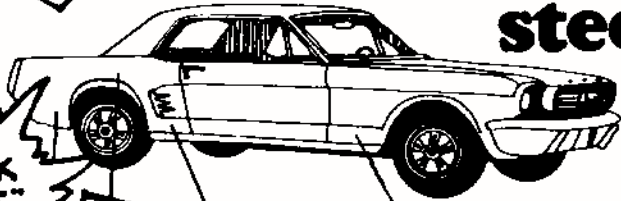

Parts are "deep draw" die stamped in our own shops (no middle man) of American steel, the same thickness or greater than original

We will ship U.P.S., COD, Money Order, or Certified Check. Freight additional. Indiana residents add 4% sales tax.

INSIST ON "Paddock Panels" more reproductions coming!
