"THE COMPETITION KNOWS ME - YOU SHOULD TOO!"

We maintain a full line of parts for all 4-6-8 cylinder Ford engines from 1966 and up, in addition to complete assembly. Both used and remanufactured to original specifications for T-Birds, Lincolns, Mustangs, Shelby's, Cobras, and Panteras. We will be introducing a full line catalog in the Spring of 1978 covering street and race, restoration, road track, and marine applications of Ford engines. Having been involved with FordCo since 1965, along with hundreds of dealers and related activities from used car porter, to Director of The Ford Product Information Center, and currently the National Technical Director of Mustang Club of America, I think we can handle most of your Ford needs. Feel free to call or write at any time.
