"THE COMPETITION KNOWS ME - YOU SHOULD TOO!"

We maintain a full line of parts for all 4-6 cylinder Ford engines from 1966 and up, in addition to complete assemblies. Such used and remanufactured as original manufacturers for T-birds, Lincolns, Mustangs, Sheldies, Cobras, and Panthers. We will be introducing a full line starting in the Spring of 1978 covering street and race, performance, street rods, and marine applications of Ford engines. Having been involved with Ford's since 1960, along with hundreds of dealers and related activities from used car parts, to Director of The Ford Product Information Center, and currently the National Technical Director of Mustang Club of America, I think we can handle most of your Ford needs. Feel free to call or write at any time.
