The car won third place in its division at the Kingsport and the Atlanta meets. The serial number is 3F03Q260955, which is the highest number of any convertible to my knowledge, even higher than the one in "Mustang Does It" which claims to be the last one built. The car was ordered three days after the cut-off date. If anyone knows of a later convertible or can provide any information as to serial number sequence, I would appreciate it.

Oregon, Ohio

EDITOR'S NOTE:

We would like to take this opportunity to thank Larry for allowing us to feature his fine Mustang as February Car of the Month.

Also, a special thanks to The Grasers for an outstanding job with the Northwest Ohio Regional Group.

Larry has served the National Club as a Meet Judge. We sure could use more members with the same dedication.
