- GT Package

In October of 1976, my wife, Eila Mae, and our two sons, Tim and Calvin, bought our first Mustang. When we bought the car, we were planning on driving it daily, but after Max Epps told us about The Mustang Club of America, we parked the car in the basement.

In August of 1977, we attended our first National Show at Stone Mountain, Georgia. After seeing the beautiful Mustangs at the show, we returned home and went to work!

Last year, 1978, our car won four first place trophies and one "Best of Show" Underclass" in Atlanta, Georgia at the 7th Annual Grand National Meet. We were all very proud of 1978.

Stanley Price of Church Hill, Tennessee painted the car, but he gives the credit to his two sons, Mark and David. The engine and undercarriage were done by me and my two sons.

The Mustang is a GTA 2+2 with 289-4V. It's color is Springtime Yellow with deluxe black interior. The car has overhead and floor consoles, bumpers, stripes, carpet and many, many more items were added.

We would like to thank the National Club for featuring our Mustang as "Car of the Month".

Jack, Eila Mae, Tim & Calvin Ladd
Church Hill, Tennessee

EDITOR'S NOTE: We would like to thank the Jack Ladd Family for allowing us to feature their 1967 Mustang, Grand National Champion, as our March Car of the Month. We can attest to the beauty, quality of workmanship and the many hours that they have put into this car.
