313-468-FORD

"THE COMPETITION KNOWS ME — YOU SHOULD TOO!"

We maintain a full line of parts for all 4-8 cylinder Ford engines from 1966 and on, in addition to complete assembly, first used and remanufactured to original specifications for T-Birds, Lincoln, Mustang, Shelby, Cobra, and Panthers. We will be introducing a full line catalog in the Spring of 1979 covering street and strip, restoration, round track, and marine applications of Ford engines. Having been involved with FordCo since 1960, along with hundreds of dealers and related accounts from used car parts, to Director of The Ford Product Information Center, and currently the National Technical Director of Mustang Club of America, I think we can handle most of your Ford needs. Feel free to call or write at any time.

John Vermeersch
