"THE COMPETITION KNOWS ME — YOU SHOULD TOO!"

We maintain a full line of parts for all 4-6-8 cylinder Ford engines from 1966 and up, in addition to complete assembly. Both used and remanufactured to original specifications for T-Birds, Lincolns, Mustangs, Shacles, Cobras, and Panthers. We will be introducing a full line catalog in the Spring of 1979 covering street and strip, restoration, road race, and machine applications of Ford engines. Having been involved with Ford/Ca since 1965, along with hundreds of dealers and related services from used car parts, a Division of The Ford Product Information Center, and currently the National Technical Director of Mustang Club of America, I think we can handle most of your Ford needs. Feel free to call or write at any time.
