Pertronix Coils, Plug Wires and NEW! Billet Aluminum Distributors also available.

1965-66 Battery Tray Kit with Top Holddown

Finally a specially-designed Battery Tray to safely secure your battery in a 1965-66 Model. This is a much safer alternative than the stock style hold down clamp. Most of today's batteries do not have a side lip to accept the stock 65-66 side hold down clamp. This tray allows you to safely secure your battery the way it should be. It fits in the stock location, exactly like the original tray. The tray is the correct size for the popular Group 24 Battery.

This kit includes the newly designed Battery Tray, Top Hold Down Clamp, and 2 Hold Down "J" Bolts. These parts may also be purchased separately.

Bright Lights!

Wow! What a great and simple new set. These LED Sequential Tail Light Kits will light up the night (or the day). The fantastic thing about these kits is the ease of installation. Can you twist in an 1157 bulb and plug in a flasher? It's actually that easy to install! Absolutely no modifications to your wiring are needed. These are real quality kits. Still not sure?-See the installation video on our Web Site-
