ELIMINATES NASTY ODORS

Forget about those wimpy scent trees when it comes to really eliminating nasty odors from your car or truck.

Whether it's the musky smell of an air conditioning unit, the stale odor of tobacco, or other smells, a product called Non-Smoke provides an easy and safe way to eliminate the problem. New Non-Smoke is a powerful spray that changes the molecular structure of offensive odors and neutralizes them. It contains four times the active ingredients found in most air fresheners.

The fragrance fades in a few hours leaving the interior smelling fresh and clean. The ultra-dry formula is safe for all vehicle interiors. Instructions for use are included.

The product is also effective in eliminating odors from vehicle and boats when they are taken out of winter storage.

For information, visit www.dakotaproducts.com; or call **888-368-2166**. Be sure to tell them you read about Non-Smoke in *Mustang Times*.
