

## RADCLIFFE FAMILY MUSTANGS

The two Mustangs in the photo are Rusty Radcliffe's first and current Mustangs. The 1985 GT convertible was purchased in December of 1991. It was a low mileage Mustang with mostly original. It needed to be repainted and had many door dings. It was used as a daily driver for about a year and decided to set it aside for shows and cruises.

Rusty and his daughter, Melanie, who along with her husband are the current owners of the '85, drove it from Albuquerque to Charlotte in 1994 for the Mustang's 30th Anniversary Celebration.

The second car in the photo is a 2006 Roush Sport, purchased last year. When Rusty saw the 2005 Mustang he decided he had to have one. Last May, Rusty and his wife took the Roush on a cross-country trip with stops in Flat Rock to take a tour of the Mustang assembly line, a visit to Roush Performance in Livonia, Michigan, and then to a family reunion in Florida. All told, they put more than 7,000 miles on the odometer.

This is a Mustang family. Youngest daughter, Lori, and her husband, own a 1985 Saleen and a 1989 5.0 Coupe. They already have plans to turn that coupe over to their daughter, Brittany, when she's ready.

## DREAM CAR

When she was a little girl, Ileana Morales dreamt about owning a Mustang. She had always admired Mustangs, recognizing them on the road, and always noticing the Pony Emblem.

Her dream finally came true in 2004 when she bought her Mustang, shown here. She didn't purchase just "any" Mustang, I had her eyes set upon a 40th Edition Anniversary Edition in RedFire with Medium Graphite leather interior. She fell in love with it, and she states, "I love the way it moves with his 3.9L that quickly responds to the speed I want."

Ileana is so pleased that she's finally a Mustang owner, and is so thrilled with her Pony, she decided to become a member of MCA and also joined the local Mustang club in Puerto Rico, where she lives. She plans to travel across Puerto Rico with other families on Pony Trails and cruises.

And, to add to this story, Ileana has a special request. She'd love to hear from Mustang enthusiasts in the States. She wants to share photos and experiences. So, although we don't make a habit of publishing addresses, we're making an exception for Ileana. We could almost hear the excitement as we read her letter.

So, please write to her:

Ileana Morales

P. O. Box 1798

Isabela, PR 00662-1798

Ileana, we hope you continue to enjoy your Mustang and that you develop many friendships via mail.
