

5.0 BUDGET PACKAGE FROM FIDANZA

Fidanza is now offering a budget clutch and flywheel combination. Their 1.0 Budget Package (#381500) includes a 1.0 level clutch and a

nodular iron flywheel (157-tooth ring, 50 oz. imbalance) as well as the pressure plate, release bearing, alignment tool and all necessary mounting hardware.

The kit which fits 1986-1995 5.0L Mustangs and retails for less than \$350, has a holding capacity of up to 350 lb-ft torque to the wheels. The clutch assembly's pressure plate is a high-clamp load unit that produces 2,400 lbs. of clamping force (stock unit = 1,700 lbs.) while engagement remains stock-like and is easy on the leg. The clutch disc is organic with a full Marcel and sprung hub.

Although new 1.0 Budget Package represents the best value, the nodular iron flywheel (#286500) or 1.0 clutch (#381840) can be purchased separately.

PERFORMANCE PARTS LINE UP OF THE MONTH

Performance Parts, Inc. is cleaning out part of their warehouse and offering a quantity of **NOS SSP Mustang** oil coolers, attaching bolts, oil cooler hoses, blue/blue silicone hoses, VASCAR speedo cables, body grounding straps, fan clutches, 130 amp alternators, AOD trans-

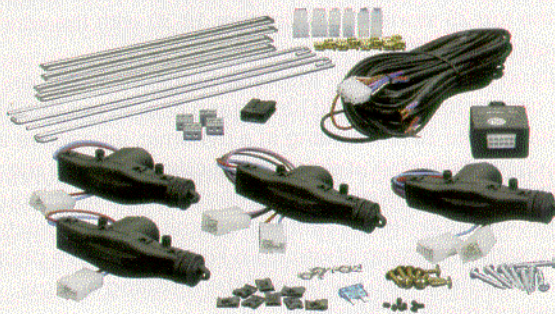

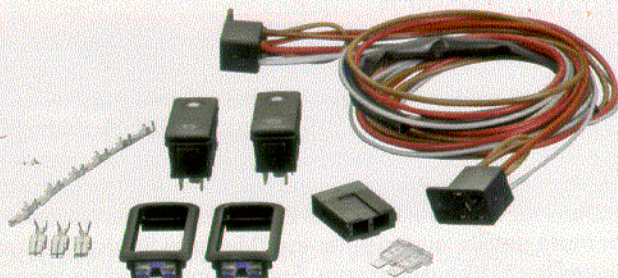

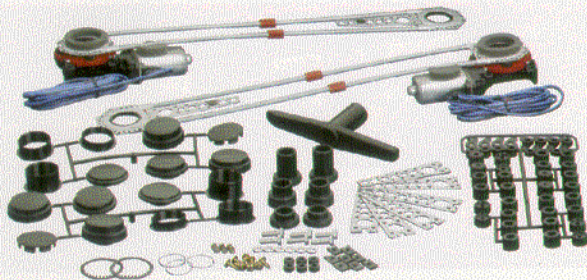

mission coolers and more.

If you have a need, cash, and want the best NOS parts possible for your restoration and don't want to settle for close-to or alternatives as the hobby SSP Mustang history re-writers would suggest, give us a call or send us an email.

Also, Performance Parts has a limited quantity of brand new **1993 Cobra upper intake manifolds** available for just \$199.99/each, with or without OE 5.0 COBRA upper intake emblems. Orders will be filled on a first-come basis and customers will be given their choice of intake(s) with or without emblem(s).

For more information or to order any of Performance Parts merchandise, contact:

POWER WINDOW COMBO KITS

SPAL USA introduced five new Combo Kits that include a 2-door power window kit paired with either a switch kit or a power door lock kit, or both—all in one package.

By selecting a Combo Kit, customers will save 10-13% against the total cost of purchasing each product separately.

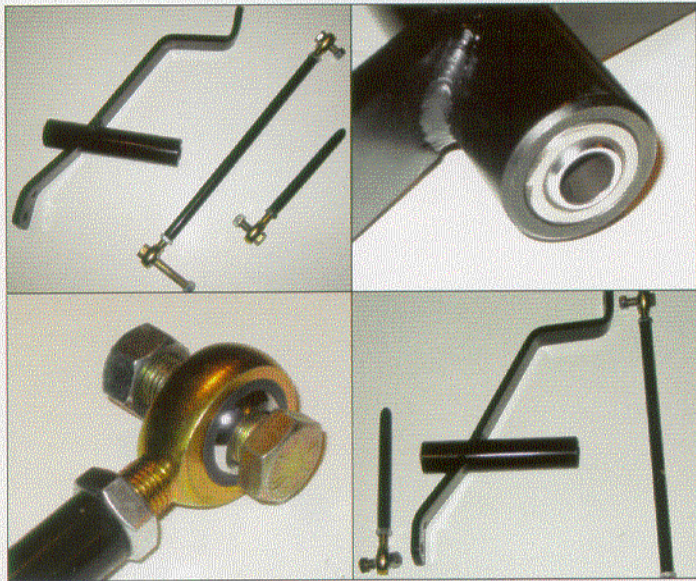

The Combo Kits include:

- #33000098 (2-door deluxe power window kit + central 4-door power lock kit)
- #33000099 (2-door thermal power window kit + switch kit #33040188)
- #33000100 (2-door deluxe power window kit + central 4-door power lock kit + switch kit #33040121)
- #33000101 (2-door deluxe power window kit + central 4-door power lock kit + switch kit #33040147)
- #33000102 (2-door deluxe power window kit + switch kit #33040147)

All power window, power lock and switch kits are backed by a two-year warranty. SPAL's quality control policy ensures great customer satisfaction, thanks to fewer returns, less customer complaints, and no installation hassles.

BARILLARO SPEED EMPORIUM

Barillaro Speed Emporium has just released the new Muscle-Bar high-performance clutch linkage kits for 1965-1970 Mustangs and 1967-1970 Cougars. The fully TIG welded Z-bar uses spherical bearings and a CNC machined pivot tube unlike the plastic bushings on the originals. The upper and lower linkage rods are fully adjustable and use high quality 3/8-24 spherical rod ends. Manufactured with pride in the USA by enthusiasts, this kit is a direct bolt in kit and will replace all of the stock worn out clutch linkage. Barillaro plans to expand the Muscle-Bar line to include all Ford vehicles that use the Z-bar type clutch linkage.

Part numbers are MB-2001 for the 1965-'66 Mustang 289, 302 and MB-2002 for 1967-1970 Mustang and Cougar 289, 302. MSRP is \$249.95.

ZKICK STEREO SYSTEM FOR ZUNE® PLAYERS

KICKER Audio, responsible for the legendary truck sub boxes, Solo-Baric® square subwoofers, and most recently the incredible 10,000-watt Warhorse™ car amplifier, invades the home with the slamming KICKER ZK500 Digital Stereo System for Zune Media Players.

KICKER has brought the bass to your ride for more than 30 years, and now it flows inside to the dorm, den, or the garage. KICKER's newest 2-way system leaves the road behind and provides that acclaimed car stereo sound in any portable setting of choice.

The signature KICKER vibe pours from a pair of five-inch woofers and silk-dome tweeters, with a patent-pending, square-shaped reflex subwoofer on the back pounding life into the music. It's all powered by an internal amplifier with digital signal processing, providing the soundboard for all personal concerts.

The rotary knob also serves as the selection push button and controller for bass, treble, auxillary-in options, or standby mode, which continues to charge the player even though the system is powered down. It's also back-lit in blue to continue the entertainment with ease in the dark, while the display LCD screen steers through the menu.

KICKER mobile audio systems and SoundGate integration products, divisions of Stillwater Designs and Audio, Inc., are available for the mobile audio aftermarket at authorized dealers worldwide, and also through selected Original Equipment Manufacturers. Consumers needing more information may call the Consumer Information Line at 1.800.256.5425 or visit brand websites at www.kicker.com or www.soundgate.com.
