1965-1968 Mustang door scuff plates made from original Ford tooling

# ORIGINAL FORD TOOLING

Available through your local Classic Mustang parts dealer

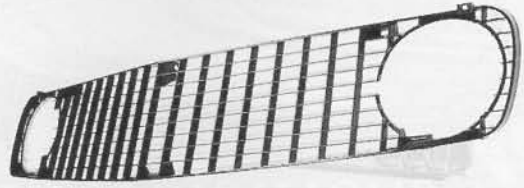

Perfect fit and finish. That's what you can expect from parts that are made from the original Ford tooling. The fact is plain and simple, these parts fit exactly like the originals, no surprises, no modifications and let's face it, when you knee deep in a restoration the last thing you need are more surprises.

In addition to parts made from original Ford tooling, Daniel Carpenter Mustang Reproductions makes a complete line of quality weather stripping, rubber and molded plastic parts. Specializing in 1965-1993 Mustang parts, Daniel Carpenter products are used by professional and amateur restorers alike and can be found throughout the network of classic Mustang parts dealers world wide.

1967-70 Mustang radiator shrouds made from original Ford tooling
