

MEET PATRICK HESPEN

Patrick Hesperen is the new SVT and Performance Communications Manager. We thought it was about time to introduce him to the MCA membership and show you photos of his new ride! Patrick says his Mustang is nothing too fancy. He's still undecided on which exhaust to use as an upgrade, and which interior trim items he'll add.

We hope that Patrick will be joining us at an MCA show in the near future so many of you can meet him in person. **MT**
