The elections are over, both on a national scale and within the Mustang Club of America. Whether your candidate(s) won or lost, it is time to move on with the business at hand, again, both on the national level and here in our club. I'll be one of many to say, "Things will be different in the USA." And, I hope each of you will say things will be different (in a positive way) right here in the MCA.

As your new MCA President, there are a couple of things I'd like to try. Planning and preparations are in the works even as I write this first column. Without boring you, let's just say progress, promotion, and positive relationships are high on my list. Your new MCA leadership team wants to move the MCA forward with more members, bigger events/activities, and smoother operations—all a part of progress. Just wait till you get to the Mustang 45th Anniversary Celebration. I honestly think you're going to be stunned with what the MCA will be offering each of you over the weekend!

Promotion is really up to all of us. Don't just be an MCA member, profess it to your friends, your co-workers, and especially your fellow regional club members. Put an MCA decal on every car you own. Wear an MCA shirt out to dinner one evening. Let the general public know YOU are a Mustang Club of America member and that they should be, too.

I do not want the MCA to be referred to as a Mystery Car Club. I've been stunned by the number of folks not knowing there actually was a National organization for Mustang owners. That's got to change. Our Mustangs make such an incredible noise, it's time the owners (MCA members) do too.

The **Relationships** we make over time actually define our lives. The MCA is no different. We have a great relationship with FORD, the force behind our Mustangs. And I want to continue that corporate relationship as well as build others. Shelby, Roush, Saleen, BFGoodrich, Goodyear, Falken, NPD, Mustangs Unlimited, and Mustangs Plus are some companies that come to mind. Remember, you've heard me say before "If you're into Mustangs, the MCA is the place to be." How cool would it be for companies and corporations to think the same?

Oh, I'd also like to mention relationships between MCA and our regional clubs. I want stronger relationships, better communication, and greater things for us all. Regional clubs are so important to the core strength of the MCA. You will see and feel a positive influence (and assistance) from the MCA.

I'd like to introduce the new members of the Executive and National Board. Let me start with the Executive Board. Next month I'll do my best to introduce the National Board. Stephen Prewitt is the new Vice-President; Ron Bramlett is our new Treasurer for two years; and at press time, the position of Secretary was still vacant. Believe me when I say this team has the utmost best in mind for the MCA.

It would not be right of me to give you their complete contact information without their permission first but if you want to contact me, please feel free to do so. If you will, call at a decent hour (before 8:30 pm Eastern) and I'll be glad to talk. Or you may wish to utilize e-mail. My contact information is listed below. I want each of you to know I am available and more than willing to communicate.

We want to hear from you. You and I are members of a great club. Let's get 2009 rolling in the right direction! See you at the 45th.

STEVEN MCCARLEY
