EXPERIENCE

Can you whoop a kid on video games? Probably not. But you can show them a whole new “reality” by taking them to a car show. Encouraging a child to get outside, see glistening paint jobs, and hear the purr of a finely tuned engine will awaken all of their senses. You might even be surprised at how much your own enthusiasm is rekindled!

Life is full of choices for kids. You can help them make the right ones by sharing your appreciation for cool old cars. The practical knowledge you share with a child today...just may be the experience that sets them on a lifetime of success.
