JUDGE'S CORNER

his page is similar to the Judging Certification Test Application you will find on the MCA's website: www.mustang.org. You must log into the Member's Only section, click on Judging in the menu on the left side of the next page, then choose Judging Certification. You will be able to download an application from there if you wish.

There is a drop-down menu on the website's version of the application listing the various classes for which testing is available. You have permission to copy this page, or download an application from the website. Please clearly print when you fill in the application and be sure to specify which Class Test you're requesting. If you choose to download the test off the website, simply type in the appropriate information and email it back to Dave, or send hard copies (permission granted to photocopy this page) of the application via US Mail, or fax. Dave's contact information is:

DAVE WALLACE
2533 Russell St.
Redding, CA 96001
