2 1/4" Fan Spacers

One of the first upgrades made to most Mustangs is a larger radiator to improve cooling. Most stock fan spacers are just too long to work with these radiators. Used short spacers are very difficult to find, and after-market spacers do not look anything like the originals. We now have the solution with this great looking, original style fan spacer.

- EG-6441 Natural Cast Aluminum Finish-2 1/4" Each \$19.95
- EG-6442 Polished Aluminum Finish-2 1/4" Each \$24.95
- EG-6443 Bolt Kit for Spacer... Kit \$3.95

Mustang Part and Body Illustrations on CD

This is a high quality CD and is Ford licensed. It contains a comprehensive collection of detailed part and body illustrations that are extremely useful for any restoration project. For example, part illustrations are "exploded" to show not only the parts of a component, but can be used to identify the basic part number of virtually every nut, washer, etc. The exploded body illustrations show the locations of trim pieces, mouldings, weatherstripping, how sheet metal was assembled, etc. All illustrations are from an original Ford Motor Company publication so you can be assured of its accuracy. With extensive bookmarks and indexes, finding the illustration you need is easy. If you want to make your restoration project a lot easier, this is the manual you should have!

PC Windows compatible. No software to load or install. Everything needed to view files are contained on the CD. Adobe Reader format-zoom in-print out-easy to read.

LT-11* Specify Year (65-73 available)..... \$16.95

We also have Shop Manuals and Wiring/Vacuum Diagrams on CD's and The Ford Mustar Parts Catalog on DVD! See our online catalog at www.VirginiaClassicMustang.com or give us a call!
