

Most popular Paxton systems are available with a 3-year/36,000 mile powertrain limited warranty.

"With up to 510 HP at the wheels on pump gas, the Paxton NOVI 2200 Charge Cooled Tuner Kit (combined with our custom calibration) is quite popular among GT owners worldwide who demand a high-power, quality centrifugal supercharger package."

Brent White - Brenspeed.com

TIRE SCORCHING BURNOUT ...OPTIONAL

The Paxton 2005-08 Mustang GT Tuner Kit with air-to-air charge cooler is our most powerful configuration available. The NOVI 2200 SL compressor with internal oil reservoir is capable of supporting up to 1000 HP @ 27 PSI. When you're ready to handle more Paxton power, simply tune it up.
