## WHAT CAN THE

# MCA

## DO FOR YOU?

**T**he membership Committee members are interested in hearing from you.

There are many benefits to being an MCA member such as discounts on insurance for your collector car and your daily driver and discounts from various manufacturers and vendors including clothing from The Ford Collection, Steeda-manufactured parts, just to name a few.

However, the Membership Committee wants to know if there is something you'd like to be considered regarding your membership in the MCA. Is there a benefit that you've been thinking should be included? This is the chance to voice your opinion.

An email address has been created specifically for input from the membership, and that's YOU!

Email your comments to:

[membership@mustang.org](mailto:membership@mustang.org)

Please keep the comments to the topic of membership and keep your requests reasonable. If you have concerns about your membership, this is the place to voice them.

The membership committee will consider each email carefully.

One benefit the membership committee wanted to bring to the attention of all MCA regional clubs is the Club Promotion Program. If your club isn't participating in this program, please read the information on page 22. This gives all the highlights of the program. This was implemented about four years ago, and has been beneficial to the clubs who have been participating.

The Mustang Club of America is growing and evolving. As changes happen in our hobby, the Board of Directors of the MCA are working diligently to keep the MCA growing in the right direction. Those of you who have been members for many years, and some from the very beginning, have seen the changes over the years. As the number

of Mustangs on the roads and in collections grows, so should the membership. This club incorporates events that should interest everyone in the hobby. As this issue is going to press, the 45<sup>th</sup> Anniversary Show is upon us. At press time, several groups were caravanning to the event in Birmingham. Mustangs Across America left from Las Vegas, a group is coming down from the North East and Canada. MAA is picking up large groups of Mustangs on their way across the country. This is just one of the many happenings. There are cruises after the event with The Great American Pony Drive, there are open track events, static car shows, and National Shows that are incorporating every possible phase of the hobby. That being said, the Membership Committee is interested in your opinion because the best way to find out what works and what doesn't is to simply ask the current members.

We'd all like to see the number of members at least double. That's certainly doable with all the Mustangs that have been sold to date. So, your input will assist us in making the club THE place for a Mustang enthusiast to be.

Take a few minutes and collect your thoughts. Then send an email. If you desire a response, please indicate that in your note. Just be aware that responses will take time. All the members of the Board of Directors are volunteers, and nearly all of them are employed full time. You will get a response, we are just asking for your patience.

The Membership Committee wants to express their thanks to you for participating in this mini-survey. Your comments will be handled with respect and your name and/or email address will be kept confidential.

Thank you in advance for your cooperation! We look forward to hearing from all of you.

*Bill Birch, Chairman  
Membership Committee  
National Board of Directors*
