

## HEARTH OF CAROLINA MUSTANG CLUB

The Hearth of Carolina Mustang Club is celebrating its 30<sup>th</sup> anniversary as a Chartered Club of the Mustang Club of America in high style by hosting the "AMERICAN STAMPEDE" National Mustang Show in Raleigh, North Carolina, July 3-5, 2009. This is just another example of the dynamic list of activities that the HCMC promotes annually in its quest to fulfill the promise of its motto, "Bringing Generations Together" and to further its outreach to the community at-large.

The success of this approach is evident in the continued growth of Hearth of Carolina Mustang Club. Based in the Raleigh/Cary, North Carolina, area, our membership totals 100 and is climbing. We have members from 17- to 70-years-of-age and have all six generations of Mustangs represented in our club.

The HCMC recognizes there is a widely diverse group of activities that the passion for our favorite car, the Mustang, engenders. Club officers and board members continually seek a variety of activities to serve as an outlet for all Mustang enthusiasts, regardless of their interests.

We actively promote the speed and gear head crowd with track days, dyno days, tech days and the like. We also sponsor lower-key events such as cruises, cruise-ins, poker runs, and drives to nowhere. We also hold many family oriented events such as picnics. Additionally, we hold an annual Christmas party that is not to be missed. We currently have many active members with young children and welcome them to our events.

We are devoted to fulfilling our mission to share with the community through contributions to our charities. Our primary charity donations go to the Wounded Warriors and the Food Bank of North Carolina, but we have had many other causes that we have supported.

We are promoting an active outreach to young Mustang owners to ensure long-term growth of our hobby. We feel that our future is in their hands, and we do all we can to promote the hobby, share our knowledge about Vintage Mustangs, and encouraging safety when young owners are behind the wheel.

In short, we want to see all Mustangs on the road driven by everybody at all times and we do our part to make it happen.

## BRINGING GENERATIONS TOGETHER
