

MCA ASSISTANT NATIONAL HEAD JUDGES

The MCA Head Judges want to afford everyone the ability to garner as much information about the Judging process. One additional way is to provide the names and contact information of the Head Judges, which is at the front of every issue of *Mustang Times* (page 8, "Judges Corner").

An additional source of information is the names and contact information of all MCA's Assistant Head Judges, which you will find below. Feel free to contact them if you need information about their particular areas of expertise, especially if you can't find the answer to your question in the Judges Rule Book.

When you run into any of these Judges at a show, be sure to thank them for all their hard work. Most times they have a difficult and thankless job. But, you'll find them smiling none-the-less! —Editor
