

IF 41 MPG DOESN'T CHARGE YOU UP, ITS BATTERY WILL.*

THE NEW 2010 FORD FUSION **HYBRID**

Our next-generation battery pack helps Fusion Hybrid deliver 41 city mpg,* making it the most fuel-efficient midsize sedan. It also allows us to do other things better than the competition, like go 47 mph in electric vehicle mode and travel more than 700 miles on a single tank. fordvehicles.com

Drive one.

*EPA-estimated 41 city/36 hwy mpg. Actual mileage will vary. Midsize class per R. L. Polk & Co. 17.5-gallon gas tank.
