

KICKER LIVIN' LOUD

**Want great-sounding music during your drive?
Need the trunk space and want to save a few bucks in fuel?**

INSERT FUN

**KICKER Performance Audio Upgrade, available from Shelby Performance Parts.
Extreme high performance while reducing overall vehicle weight.**

- Compact 200-watt, 10-inch subwoofer with internal amplifier;
- Front and rear 6 x 8 midrange speakers with 1-inch tweeters;
- 4-channel amp with advanced Digital Signal Processing;
- Mounting brackets, plug-and-play harnesses, and hardware all included.
- Subwoofer is 50% the size of a stock sub and reduces subwoofer weight by 60%. It'll save you a few bucks in fuel and vastly increase trunk cargo space.
- True OEM connectors and plug-and-play – very simple to install!

**Order today from shelbyperformanceparts.com, the SPP catalog,
or by calling 702-405-3500.**
