

**SCREW PROTECTORS**

National Parts Depot has made available exact reproductions of screw protectors used in the trunk of 1965-1966 Mustang Fastbacks.

These cover the trim screws above the trap door. These hard to find parts are available in sets of five, priced at \$19.95 per set.

For 1965 Mustangs - milky white, order #375690-SA. For 1966 Mustangs - gray, order #380865-SA. Be sure to mention that you read this in *Mustang Times*.

**DRONE-FREE MUFFLERS**

DynoMax® Performance Exhaust recently introduced the DynoMax VT™ muffler. A high-flow stainless steel performance muffler that DynoMax says controls the irritating drone while ensuring maximum performance on a full-range of street applications.

The DynoMax VT muffler features an exclusive, precisely calibrated patented internal valve that ensures maximum performance and provides a drone-free experience in the vehicle. The VT valve technology lets you hammer it when you want that raw exhaust sound and cruise when you want a more comfortable sound within the vehicle.

The 100-percent welded stainless steel muffler is available in a side inlet/center outlet 14-inch body length and a side inlet/side outlet 16-inch body length. Inlet/outlet bushing diameters include 2 1/4-inch, 2 1/2-inch, and 3-inch sizes.

The new muffler is covered by a limited lifetime warranty and exclusive 90-day Performance and Sound Guarantee which lets enthusiasts try the muffler for 90 days. The product can be returned within 90 days for a full refund of its purchase price. Additional restrictions apply and can be found on the company website.

**BILLET COIL ON PLUG COVERS**

New from UPR are Billet Coil On Plug Covers for your 2005-2010 Mustang GT. This is a great starter item for the underhood modification of your Mustang and will compliment other UPR Billet accessories.

This part covers the factory Coil On Plugs.

CNC machined from 6061 Billet Aluminum for a perfect fit including the Diamond cutter final pass giving it the best finish possible, the covers install in 15 minutes or less. Simply

remove the factory bolt holding each coil on plug down, slide the billet cover over them and reinstall the bolt.

Made in the USA, the covers are available in either brushed satin or mirror polished finish. Sold in sets of 8.

**GEL WAX**

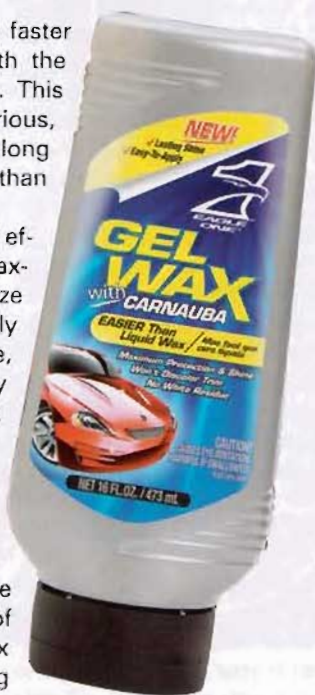

Eagle One has made waxing faster and easier than ever before with the introduction of unique Gel Wax. This unique product delivers a glorious, glossy shine that will last as long as paste but is easier to use than liquid wax.

Gel Wax reduces the time and effort required with conventional waxes because it does not need to haze or dry after application. Just apply the wax to one section at a time, wipe off immediately and enjoy the look of a showroom shine. It doesn't get any easier than this.

Gel Wax is made with natural carnauba and unique polishers which produce unbeatable durability and water beading. Additional benefits include no white residue and no discoloring of black trim and molding. The wax also protects the trim and molding while enhancing the color.

Eagle One has also made Gel Wax environmentally friendly. It contains no harmful petroleum solvents.

Gel Wax is available at leading auto parts retailers. Suggested retail for a 16-oz. bottle is \$9.99.

**PERSONALIZED SCUFF PLATES**

Vehicle personalization reaches a new level with Ford Custom Lighted Scuff Plates for any 2005-2011 Mustang. Ford-authorized driver's-side and passenger-side scuff plates allow your name, personal message, or logo to light up the entry to your Mustang. They are direct OEM replacements, so they're easy for do-it-yourselfers to install.

Each scuff plate is made of durable OEM material with a laser-etched aluminum finish appliqué, resistant to scratching and scuffing, and protected from UV fading. For maximum customization, Mustang owners may choose to create their own message or select from a long list of available factory logos such as Mustang, SVT, Ford Racing, Cobra, and many more. Ford Custom Scuff Plates are illuminated with LED lighting, and work with 2005 and newer Mustangs, equipped with or without the ambient lighting option.

The custom scuff plates have three customizable sections, including the illuminated middle, to deliver multiple messages in a variety of fonts and sizes. Match your existing interior trim with either black or light stone colored scuff plates. For Mustangs without the ambient lighting option, LED lighting is available in four colors: Red, Green, Blue, and White.

Ford Custom Scuff Plate sets are \$199.95, plus shipping, handling and applicable taxes. Be sure to tell them you read about the scuff plates in *Mustang Times*.
