

1965-1966
Ford Mustang Console

These
concourse
quality consoles
are made of paintable
black ABS plastic and are
injection molded just like the
originals with the correct grain
surface. They also feature cut lines
embedded into the plastic on the underside
to guide trimming to fit convertibles or cars with A/C.

From precision tooling comes
QUALITY consoles
made in the U.S.A.

Daniel Carpenter Mustang Reproductions has been manufacturing molded plastic and rubber parts, weather stripping and stamped metal parts since 1983 and has created a tremendous variety of show quality 1965-1993 Mustang restoration parts.

For quality assured Mustang parts look for the
Original Ford Tooling and Daniel Carpenter labels

As a wholesale company, Daniel Carpenter Mustang Reproductions makes Original Ford Tooling and reproduction parts available to the public through a network of Mustang parts suppliers world wide.
